WORK EXPERIENCE

Pedi App

March 2026
Bohol, Philippines

UI Designer — **Intern**

- Designed intuitive and user-friendly interfaces for Pedi Jobs, a mobile app that helps local jobseekers find employment easily and efficiently
- Conducted UI/UX competitive analysis to identify design trends and improve overall usability
- Created wireframes and high-fidelity UI designs using Figma
- Developed user flows using FigJam to visualize and optimize user interactions
- Applied user-centered design principles to enhance navigation, accessibility, and user experience
- Collaborated with product managers and developers to deliver precise design specifications and ensure alignment between design intent and technical implementation

The Anchor Radio

2020 - 2022
Bohol, Philippines

Multimedia Artist — **Full Time**

- Designed digital posters, ads, and social media graphics for radio programs and announcements.
- Edited photos, videos and promotional materials used for online broadcasting.
- Assisted multimedia content for Facebook and radio campaignes to increas audience engagement.
- Created layout design, branding, and audio-visual content production.

CeC GradConnect

2025 - 2026
Cristal e-College

UI/UX Design — **Thesis Capstone**

- Led the UI/UX design of CeC Grad Connect, a digital platform that replaced inefficient manual processes with a paperless and user-friendly system
- Enhanced user experience by reducing complexity in request submissions and improving task completion flow
- Designed the end-to-end UI/UX of a web-based system that digitizes graduation services (photo claiming, alumni ID, and yearbook requests)
- Conducted UI/UX competitive analysis to identify best practices and improve overall usability
- Created wireframes, user flows, and high-fidelity prototypes using Figma
- Improved workflow efficiency by designing a centralized system for managing graduation-related requests
